H- GENERAL INFORMATION REGARDING OUR ACTIVITIES

Compared to the economy in general, the construction sector was more seriously affected by the global economic crises and shrank by 8,1 % and 16,1 % in 2008 and 2009 respectively. The real estate stocks soared due to the decrease in housing demand. The existing stocks could not be liquidated despite the recovery observed in the sector as of the first quarter of 2010. Moreover, the increase in the dwelling stock in particular continued with new real estate projects started in 2010. The surplus in supply continued in 2010 despite the increase in housing loans and the recovery in demand was not enough to liquidate the stocks. These conditions forced construction companies to be cautious about starting new projects.

Our company has completed the construction of the Lake Mansions, the most prestigious phase of the Alkent Istanbul 2000 project, and residence in this project has begun. This project whose site management was formed in 2010 has become a prestigious living center with its social premises, private security services and landscaping. Sales of the few dwellings of the Lake Mansions project continued in 2010. We are aiming to sell all of our existing stock in this project in 2011. We are maintaining our search for appropriate land for new projects.

The stable rent income we obtain from the quality real estate in our portfolio was maintained and increased in 2010. The prestigious real estate in our portfolio are; Fethiye Hillside Beach Club Holiday Village, the shops in Alkent Etiler Çar ,s,, the Alarko Business Center in Necatibey Caddesi, Karaköy, Alarko-Dim Business Center in Tepeba ,, and the office floors at the Alarko Business Center in Çankaya, Ankara. We are planning to increase our portfolio of quality real estate for rent income.
